A Friendly Message to Our Customers

Dear Customer:

This, our 1944 Bulb Catalog, contains some pleasant surprises for you. Despite the great scarcity of all types of bulbs we are able to offer you a wide selection of your favorite kinds. This has been made possible by the ever-increasing production on our Long Island bulb farms as well as the arrangements we made last year to procure Oregon-grown bulbs for your benefit. Let me assure you that the quality of American-grown Tulips, Daffodils, and all the rest, leaves nothing to be desired.

Please keep in mind, however, that the bulb stocks in the United States are much lower than normal. It will be greatly to your advantage to order promptly while you may have your choice. You will find our prices held as low as possible—much lower than the general market in many cases. As usual, we guarantee every bulb to bloom. You may always rely on Van Bourgondien quality.

Narcissi - Daffodils

"NODDING BEAUTIES" THAT GRACE EVERY GARDEN WITH GOLDEN YELLOW and WHITE BLOSSOMS

YELLOW TRUMPET varieties have trumpets which, as a rule, are longer or as long as the perianth segments (petals). They usually have a light or deep yellow perianth with a trumpet of deeper yellow.

BICOLOR varieties have creamy or pure white perianth segments and yellow trumpets.

BARRI varieties have light or deep yellow perianth segments and an expanded crown instead of a trumpet, which is light or deep with red or orange edge.

INCOMPARABILIS varieties have light or deep yellow segments, a crown of light or deep yellow very similar to a short trumpet.

LEEDSI varieties always have white segments, while the crowns are white or light yellow. They are very dainty.

POETICUS. Snow-white segments, crowns usually heavily rimmed orange or scarlet with a green eye in the center of crown.

POETAZ. Cluster-flowered in white, light or deep yellow. Some varieties have orange or red-rimmed small crowns.

JONQUILS. Usually bear small flowers in small or large clusters on one stem, and usually are sweet scented.

Dear Sirs:

After planting my shipment of bulbs today that I had received from you, I just felt that I had to write you and thank you for my order. My bulbs were so nice and the way in which you had them wrapped, labeled, and packed was wonderful. It was indeed a pleasure to work with them.

Again thanking you for my order,
I am yours respectfully,

I would like to have your catalog again next spring.

Gentlemen:

I received today shipment of Tulip bulbs as mentioned in yours of 8th inst. Thank you for prompt attention to my recent post card and wish to state I was pleased with Tulip bulbs as they are of good size.

This package completes my order as previously had received the Lilies, Amaryllis, and Hyacinth bulbs ordered.

Again thanking you, I am,

Very truly yours,

W. G. WILLIAMS.

Edmonds, Wash.,

Sept. 6, 1943.

Dear Sirs:

I am enclosing a money order for \$4.00 for bulbs and plants and I would like to have them as soon as you can send them.

I want to thank you for sending me just the finest Hyacinth bulbs last fall. When they were in flower last spring they were magnificent.

Please send a garden friend of mine your 1943 catalog as I think he is planning on getting some bulbs.

With best wishes for your future.

Yours truly,

R. H. DEGNEAU.

Des Moines, Iowa,

May 27, 1943.

Dear Sirs:

Several years ago I had Tulip bulbs from you. They were the loveliest Tulips I ever had. I still have some of the lovely Queen of the North in my garden. I am wondering what you will have in bulbs this fall. If you will have a catalog, if so will you please send me one. I am also interested in Jonquil bulbs for fall planting.

Thanking you, I remain,

MRS. HARRY C. SHIFFLER.

Gentlemen:

I am enclosing a picture of my Hippeastrum Amaryllis to show the two-blossom stalks. I had never seen one before, have you?

You can see the shadow of the four large blooms on the side of the house. About two weeks later the other stalk had four large blooms. They were dark red with white centers.

Very truly,

MRS. W. M. BOWLES.

Dear Sirs:

When a neighbor recently handed me your fall, 1943, catalog, I felt that I had an old and much loved friend. As years creep upon me I find myself less able to garden, consequently don't order every year, thus being dropped from mail list. I have kept the old copies of your catalogs from which I ordered years ago and still enjoy them and refer to them for accurate information of my much loved bulbs. My collection of Narcissi numbers nearly 200 named varieties and how I love them.

I just couldn't resist making up this small order on the tempting order blank. Wish it were more.

Thank you kindly,

MRS. LEE J. WATKINS.

Topsfield, Mass.,
April 18, 1944.

Dear Sir:

As soon as your fall catalog is ready, please send me one so I can place my order as early as possible. Had such marvelous results with your Hyacinths and Tulips—don't know how I'd do without them.

Sincerely,

MRS. A. A. SHAW.

Worcester, Mass.,
July 5, 1943.

I think my garden is the handsomest when the Tulips and Iris are out. I received many compliments on the new varieties received from you last year.

MISS FLORENCE MAYNARD.

New Brunswick, N. J.,
April 11, 1944.

Gentlemen:

Thank you very much for the grand bulbs sent by you last year. My Amaryllis is now blooming indoors. It's a beauty.

MRS. C. H. BLOUGH.

Atlanta, Georgia,
April 10, 1944.

Van Bourgondien Bros.

Dear Sirs:

Some time ago I ordered Hyacinth and Tulip bulbs from you and while I did not get as many colors in the Hyacinths as advertised, I want to tell you what gorgeous blossoms I had. I never saw larger blooms and the Tulips in bloom right now attract much attention. They are a beautiful display from pure white to almost black. I made them rich and some stems are 27 inches. I had to stake most of them.

Respectfully,

MRS. GRACE.

Gentlemen:

Please send bulbs as early as possible as I want them for house plants.

Last year I planted two bulbs and they were so beautiful all summer I decided to plant more this year.

Thank you,

Gentlemen:

The White Hyacinth bulbs which you sent September 19, 1943, have been very lovely and were all in bloom by January 21st. I've had them at church and at home where every one was praising their beauty. My pink did not bloom quite so early but every one will have a fine blossom.

Many of my friends are surprised to know that it is possible to still buy bulbs for forcing.

Thanks to you for the pleasure I have had in being able to have such fine blooms at this time of year.

Sincerely yours,

MRS. IRA M. YOUNG.

Gentlemen:

Kindly send me this year's prices and catalog of tuber-rooted Begonias. The bulbs that I received from you last spring produced the most beautiful flowers that I have ever raised, but they were all shades of red. This year I will try other colors. Thank you.

From early spring, a succession of glorious bloom

NARCISSI - DAFFODILS

DAISY SCHAEFFER. (Leedsi.) One of the best of the remarkable new Giant Leeds type; the flower 4½ inches across, with cup nearly 2 inches, resembles a giant trumpet, but much more graceful in form; perianth pure white, with cup opening primrose and turning to light canary-yellow, deeper at the base; long lemon-yellow stigma and styles add to the color harmony of this remarkable flower; undoubtedly a leader for years to come. Each, \$2.50; \$25.00 per doz.

DIANA KASNER. (Barri.) Very unusual Daffodil. Large, overlapping pure white perianth and deep yellow cup, with conspicuous orange-red edge. 3 for 40c; \$1.40 per doz.; \$10.00 per 100.

DICK WELLBAND. (Incomparabilis.) Very strong grower and exceptionally free-flowering. The perianth is pure white and the cup flame-orange. One of its most remarkable qualities is that the color does not fade but rather intensifies with age. The flower lasts unusually long and we believe that this variety will be of the greatest value both for greenhouse work and for outside. Its great beauty lies in the startling contrast between petals and cup which makes it stand out in the largest collection of Daffodils. Each, \$1.00; \$10.00 per doz.

EMPEROR. (Yellow Trumpet.) Sturdy all-yellow flower. 3 for 35c; \$1.25 per doz.; \$9.00 per 100.

FIRETAIL. (Barri.) First Class Certificate, Birmingham and Haarlem Shows. Large, overlapping ivory-white perianth of splendid substance with a flat eye of deep blood-red, holds its color very well. 3 for 60c; \$2.20 per doz.; \$15.00 per 100.

DAFFODILS for NATURALIZING

Hundreds of thousands of Daffodils are used yearly for this purpose, because when once planted they continue without any care to give you immeasurable joy year after year.

Numerous varieties have proved very successful for this purpose and we will use no others. Practically all types of Daffodils contain some varieties suitable for this purpose, thereby increasing the number of varieties and adding greatly to the desire of naturalizing Daffodils.

Miscellaneous Bulbs

English Iris (Bulbous)

For Outdoor Planting Only—Mixed Colors

Although called English Iris, this lovely bulbous Iris originally came from the alpine meadows of the Pyrenees. In the sixteenth century it made itself at home in England, hence its name. It is extremely hardy and loves a cool, moist soil.

The English Iris have been almost non-existent in the United States, and could not be imported. Fortunately, we located a farm in Michigan where these Iris can be grown to perfection. Price: 3 for 40c; \$1.50 per doz.; \$11.00 per 100.

Leucojum Vernum

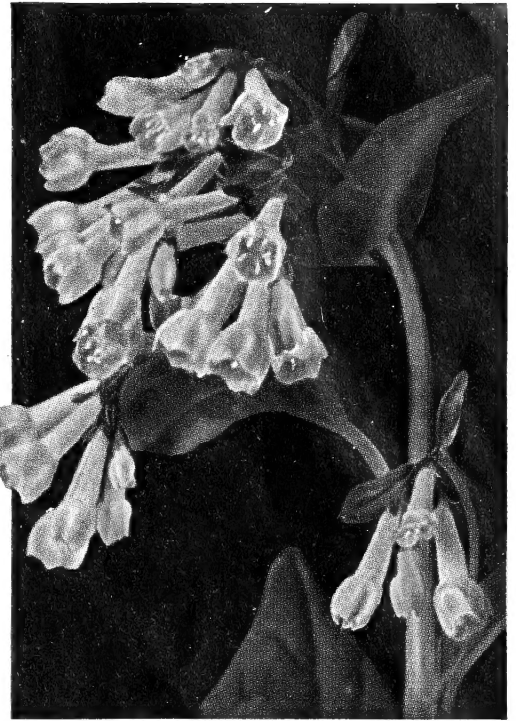

(Spring Snowflake)

This pretty bulbous plant is similar to the Snowdrop but of larger, stronger and more attractive habit. In rich soil it grows to a height of 8 inches and produces, in late April, beautiful large white flowers, tipped with green; excellent for cutting. \$1.00 per doz.; \$7.50 per 100.

Mertensia Virginica

(Virginia Blue Bells)

A beautiful hardy perennial that should be planted with Daffodils for contrast. The flower buds are pink, opening into lovely dainty flowers of porcelain-blue, borne in nodding clusters. This beautiful spring flower starts blooming along with Daffodils and lingers to frolic with the May-Flowering Tulips. Delightful in the open border or along woody paths. Choice Selected Roots for the garden or for naturalizing: Each, 25c; \$2.50 per doz.; \$18.00 per 100.

CULTURE

Soleil d'Or Narcissus

Soleil d'Or resembles the Paper-White Narcissus very much in habit, but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We expect to have some very fine stock of this variety to meet the steadily increased demand of the past few seasons. Do not forget to order a few and get acquainted with this wonderful flower.

We offer only the Exhibition Size: 3 for 40c; \$1.50 per doz.; \$12.00 per 100.

Paper-White Narcissus

Suitable for Growing in Water and Gravel, Sand, or Fiber.

We handle only the **Giant Grandiflora** variety, which is a great improvement over the ordinary Paper-White Narcissus. It can be had in bloom from Christmas until Easter, either in pots, bowls, or boxes. Upon arrival, plant them immediately, if wanted early, and put in a cool place in cellar or pit, free from frost. When well rooted they can be taken into heat, and if watered freely they will produce an abundance of beautiful blooms. They are not hardy.

Jumbo or Exhibition Size: 3 for 30c; \$1.00 per doz.; \$7.50 per 100; \$70.00 per 1000.
